water wise, easy care plants, décor and landscapes with style - from concept to completion

provincial
plants + landscapes

Provincial's Award Winning, friendly and professional team will listen to your needs then find the right solutions for your project - be it product supply or service provision

2 million plants capacity and 250 sun and frost hardened species means we can cater to projects of any scale. We can grow your plants and plant them and project manage landscaping or revegetation works

Save yourself the hassle and stress of last minute plant sourcing and pre grow plants for your projects so you get what you need when you need it

Provincial are experts who follow through save you time and money

"It was important to us that Provincial were able to deliver what they promised – high quality service and plants, and on time. The plants were in good condition, and importantly were perfectly suited to the environmental and revegetative needs of the site. Provincial followed through on their commitment to provide this service from the initial concept to the final completion"
Capital Landscape Contractors, ACT

"I found the professionalism and expertise of Provincial staff to be of a high quality and was reassured by the knowledge that Provincial employs professionally qualified ecologists, horticulturalists, designers and seed collectors"
H Bain, Project Manager, IQON ACT
