expression of interest in employment with Provincial Plants and Landscapes

terms and conditions

the purpose of expressing interest

To streamline our recruitment process we request that potential candidates submit an 'expression of interest form'. Data collected is used to short list applicants for positions as they become available. All information collected is treated as commercial in confidence

available positions

A position may or may not be vacant at the time of expressing interest

the selection process

When a position becomes available, short listed applicants from our 'Expression of Interest Register' are screened for suitability, and contacted for an interview as appropriate. If suitable applicants are not identified, then specific positions will be advertised. Please note, character and employment referees will be requested should you be short listed for an interview

selection criteria

Preference will be given to candidates who express a genuine interest in environmental work, and who have demonstrable skills and experience in the horticultural, design, environmental or revegetation industries. The ability to work co-operatively and in a team environment and on your own initiative and a positive, can do attitude is essential. A current Drivers Licence and personal transport is required. Specific criteria will be applied to a specific position

Declaration

I have read and understood the terms and conditions, and attest that all information provided is correct at the time of submission.
