

# Dianella *gracey*™

stunning form of *Dianella caerulea*

bring evergreen flair to your landscape

*Gracey*™ is a low growing cultivar of one of Australia's perennial evergreen favourite native flax lilies

*Gracey* has performed fabulously in a wide variety of environmental conditions and makes for a stunning jade green, strappy leaf vegetative palette. It grows to approximately 30cm x 30cm with a stunning display of deep lilac - blue flowers which transition into a spray of purple berries

Tough, resilient and attractive, *Dianella gracey* was developed as part of 'The Provincial Collection' by Provincial Plants and Landscapes, Australia's NGIA Hall of Fame + National Environment Award Winners

a percentage of profit contributes to ongoing research and development of organic, sustainable, food initiatives, ongoing research and development of permaculture-based, polyculture farming and revegetation systems, implementation of biodiversity projects, clean water, food supply, education and personal development projects in developing nations

full sun

part shade

low water use

drought tolerant

easy care

frost tolerant

flora for fauna

<b>description</b>	Moderately compact, strappy-leaved, fast growing, hardy and long lived.
<b>maintenance</b>	Remove thatch to promote new growth. Water every 4 weeks in extreme drought or dry heat conditions
<b>care</b>	Water as needed for first 2 - 3 months until established. Best results in mulched gardens. Apply slow release fertiliser once a year in spring
<b>tolerates</b>	Tolerates light frost, dry periods
<b>flowering</b>	Late spring through to summer
<b>flower colour</b>	Stunning display of deep lilac - blue flowers that transition to a spray of purple berries
<b>position</b>	Thrives in both full sun and shady environments in most soil conditions
<b>height x width</b>	30 cm x 30 cm in full sun
<b>spacing</b>	30cm apart for mass planting. 50cm apart for specimen planting
<b>uses</b>	Specimen, mass, median strip and roadside plantings, revegetation, rockeries, container plant, filler and background plant in gardens
