

# Zelkova serrata 'Green Vase'

Japanese Keaki Tree 'Green Vase'

A medium-sized deciduous that grows fast in a V-shape with ascending branches. It has noticeable bark that's flaky in texture and colours of greys, browns, pinks and yellows. Foliage is dark green, turning yellows and reds through autumn.

Origin	Japan.
Size	Up to 14 metres high, Up to 10 metres wide.
Cultural Notes	Prefers full sun to part shade. Water in well when planting and keep moist until established.
Tolerates	Tolerant of heat and pollution. Will tolerate some drought. Can withstand compacted soils.
Flowers / Flowering Season	Insignificant.
Foliage Colour or Type	A dark green through summer and spring, turning shades of yellow and copper-bronze through autumn before falling. Cooler climates will promote more vibrant autumnal colours.
Soil Type	Prefers well-draining, moist and fertile soil.
Suited to	A great feature tree due to its foliage colour and bark, perfect for larger gardens or streetscapes.
